Quality, Dependability and Reliability

AvtechTyee's line of Attendant Control Panels interfaces directly with Avtech Passenger Address and Cabin Interphone System and is used as the control mechanism to initiate PA announcements, flight deck call, cabin chimes and emergency interphone communications.

ATTENDANT CONTROL PANELS

AvtechTyee can custom design an Attendant Control Panel to integrate within the Attendant's control and status panel.

- Front relampable switches
- Sunlight readable switches
- Easy installation via Dzus rails
- Interfaces directly with Avtech Passenger Address and Cabin Interphone Controller
